

## Practical resources

Some of the case studies included in the Multiple Conditions Guidebook have shared additional resources for practitioners in other areas who may be looking to develop similar resources. Please see the below for a list of collected templates and exemplars. These include:

### Total Wellbeing Luton

- Stroke Rehabilitation Assessment form
- Referral form
- Outline of programme and partners
- Total Wellbeing Luton Long Term Conditions leaflet

**The British Lung Foundation** is currently putting together a resources pack for patients and Health Care Professionals. Contact Lisa Williams for advice on when the pack will be ready.

### South West Learning Disabilities

- National Early Warning Score (NEWS) tool
- RESTORE2 tool for care homes

### Yorkshire

Contact the Khalida Rahman at the Yorkshire and Humber AHSN for practical resources as they develop on the large scale project.

### Year of Care Gateshead

2-page leaflet prepared by Patient Reference Group explaining the approach

Video by Patient Reference Group about the process/ their experiences;
